

Curriculum Overview Year 3 Autumn Term 2016

<p style="text-align: center;"><u>English</u></p> <p>We will be studying persuasive adverts this half term, writing holiday leaflets as a cross curricular link with our IPC topic. Before half term, we will be looking at performance poetry. After half term, our focus will be on narrative writing where we will be using description to bring story settings to life. Finally we will be investigating and writing explanation texts linked to our IPC topic.</p>	<p style="text-align: center;"><u>Maths</u></p> <p>Mathematics work will focus on addition, subtraction, multiplication and division, understanding the number system to include place value, solving problems, measurement, shape and space, and data handling. There will be a weekly maths test. Lessons include a mental oral starter linked to the children's learning to improve rapid response and quick thinking.</p>	
<p style="text-align: center;"><u>PSHE</u></p> <p>We will be linking PSHE to our IPC topic, looking at people around the world and the key areas of social engagement in an airport. The jobs that people do in an aeroplane and at an airport, will be investigated.</p>	<p style="text-align: center;"><u>PE</u></p> <p>In PE the following areas will be covered: gymnastics, dance, invasion games and outdoor adventure activities. Through these, the children will develop and extend their practical skills, knowledge and understanding and team work.</p>	<p style="text-align: center;"><u>RE</u></p> <p>RE this term will give children the opportunity to study the key features of worship and what worship means to a believer in Christianity and Hinduism. Children will explore the concepts of pilgrimage and sacred places within the contexts of Christianity and Hinduism.</p>
<p style="text-align: center;"><u>IPC</u></p> <p>IPC is our topic based approach to the foundation subjects. This term there is a focus on Geography.</p> <p>First we will find out about our connections with the rest of the world through studying airports. This will include looking at places we can visit from our local airport and the effect that weather has on air travel. Art, ICT and Technology will also be linked to the IPC.</p>		<p style="text-align: center;"><u>Art & Design</u></p> <p>In Art we will be looking at designs for airport logos and designing our own. For technology, we will be considering how to design an in-flight entertainment pack and thinking about the materials needed to make the pack before actually constructing a prototype.</p> <p style="text-align: center;"><u>Computing</u></p> <p>Our ICT (Computing) will be based around designing and making our own airline ticket before we consider how to create a check-in database.</p>
